DANIMARCA	
Posizione	Young Professionals Pipeline for Automation Engineers
Luogo di lavoro	Hillerød
Scadenza	giugno 2024

Joining the Automation Engineers Pipeline By applying for the pipeline, you will be considered as a potential match for on-site automation related positions, which align with your background, skills, and interests across various areas in Denmark.

We'll match your profile proactively with relevant positions. Once a Hiring Manager shows interest in your profile, the Hiring Manager Team will reach out to you and tell you more about the current position and invite you for the 1st Interview.

We look forward to receiving your application and to having the opportunity to provide a solid match for open positions.

Locations

We are looking for candidates to all our locations. This specific pipeline covers on- site positions in Hillerød.

About the positions

Due to the expansion of our activities in all business areas and sites, we are currently seeking talents for many different teams across Novo Nordisk, such as Advanced automation, Manufacturing Execution Systems (MES), and Collaborative- and industrial robotics.

We encourage you to read more detailed information about the different roles and areas through this link: Automation engineers and process digitalization (novonordisk.com).

Qualifications

We are looking for someone with an innovative and solution-oriented mindset. As you will be working and collaborating with people from various departments in the organization, it would be preferable that you are ready to take the lead on deploying solutions that bring value.

To apply to our pipeline, we expect that you:

- are newly graduated with a bachelor's or master's degree within e.g., IT, Automation, or Robotics
- would like to build on your skills and experience together with highly dedicated colleagues.
- are proactive, solution-oriented, like to share your knowledge and collaborate effectively.
- work systematically and with the ability to develop and implement practical actions to deal with issues.
- have proficient oral and written communications skills in English.

Salary: Minimum salary 5000€ gross per month

As documentation according to Good Manufacturing Practice (GMP), rules are part of our daily work, it is important that you thrive in ensuring that all your work is well documented.
