

Industrial electrician

Dream of impacting the green transition? Join [TS TECH A/S](#) as an electrician, shaping the future of energy in a growth-focused role! Do YOU dream of a job where development and responsibility are the focus?

Do YOU want to be in a company where time never stands still?

Do you want to contribute to the green transition within the energy industry, especially the wind industry? Then you can become our new colleague.

YOUR NEW JOB TASKS WILL BE

- Servicing customers within the industry, energy, and the wind sector.
- Construction and servicing of process and automation systems.
- Establishment of electricity infrastructure.
- Design and control of light and design of intelligent systems.
- Data and network installation.

WE ARE LOOKING FOR YOU IF...

YOU are a qualified and trained electrician/industrial electrical installer.

YOU are positive and have a service-minded attitude to cooperation at all levels.

YOU are professionally well-grounded and with a positive attitude towards tasks.

YOU are independent, flexible, outgoing, and cooperative.

YOU are dutiful and responsible.

YOU can independently solve, carry out, complete, document and quality-assure tasks.

YOU ARE OFFERED

- An exciting job in a growth-oriented company where you can influence your daily life.
- Personal and professional development and orderly relationships.
- Salary. According to the collective agreement in Denmark, and of course with overtime pay and weekend supplement if this occurs. And with a pension and health plan.
- The world's best colleagues with a staff union that actively works for good unity.
- Travel work if desired (not rota arrangement)
- Paid further training, by further agreement
- Service car
- A plan for local integration, housing search, etc., is offered in collaboration with Esbjerg Municipality.

WE OFFER A UNIQUE OPPORTUNITY

TS TECH A/S has set the course for international growth, driven by i.e. a strategic focus on the wind segment. We are looking for the best and set high standards for you. In return, YOU get the opportunity to become part of a company that has set the course for international growth and has the funds, strategy, ambitions, and management skills to achieve the goals. YOU get the world's best colleagues with an active staff union that works for good unity.

If you see a possible match between you and the position's requirements, let's start the dialogue.

The company offers: Permanent position / Full-time

WHO IS TS TECH A/S

TS TECH A/S employs more than 75 employees today and has a strong position as a total supplier of electrical technical solutions for several groups in the industry - where wind is a large area. TS TECH A/S has a clear ambition for continued growth locally, regionally, nationally, and internationally. TS TECH A/S' 6 business areas (Wind, Industry, Communication, Energy, Cert Safe & Marine) span widely within the electrical technical area - with a significant focus on the green transition.

Please know that only applicants **with EU citizenship** are taken into consideration for the current positions.
